

# TestMe

Testing KOREM extended plugin on fresh installation

## 1 Test123

**[Requirement #3] All results shall be 42**

Yes they should

## 2 BDD

### 2.1 It should be possible to draw rabbits

**Feature:** It should be possible to draw rabbits

To have fun

As any user

I want to be able to draw rabbits

**Scenario:** Draw rabbit freestyle

**Given:** I opened the app

**When:** I select the rabbit shape

**Then:** A rabbit shape should appear

**And:** I should be able to change the dims
